INSTITUTION PICNIC.

Strawberries and Cream for Stapleton Patients.

Each year patients of the Stapleton Institution are entertained to a summer picnic, and yesterday, although the weather was not of the brightest, the annual treat was thoroughly enjoyed by them all. Six hundred of the 750 patients gathered in the private park adjoining the building, which had been made gay with bunting, flags, and balloons. The remaining 150, who were unable to leave the wards, were not forgotten, and special fare and gifts were provided for them.

It was hoped that the Lord Mayor and Lady Mayoress would be able to be present, but other duties prevented them. There was a large party of Guardians and their friends, however, including Mr. H. Comer (Chairman of the Board), Mr W. T. Wright (Vice-chairman), Mr C. J. Satterley, J.P. (Chairman of the Stapleton Institution), Mr Thomas S. Lamb (Clerk to the Guardians), and Mr F. Fry (Chairman of the Warmley Board of Guardians).

The Bristol Post Office Band played selections during the picnic, which opened with the presentation of pipes and tobacco to the men. Gifts were also distributed amongst those patients remaining in the wards. Strawberries and cream were provided for tea and were thoroughly enjoyed and appreciated. During brief speeches, Mr H. Comer explained that the treat had again been made possible by the generosity of the citizens, who had willingly contributed sums of money for the happiness of their less fortunate fellows. In the early evening there were races under the direction of Messrs Leslie, Lovell, and Justin, the programme concluding with the distribution of trinkets, sweets, and bananas to the women, and sweets and fruit to the men. Each of the higher-grade patients was also given sixpence. Apart from the fixed forms of amusement the patients spent a very happy time in dancing and on the swings.

This treat was organised by a committee of which Mr H. Comer was chairman, Mr W. T. Wright vice-chairman, and Mr T. S. Lamb hon. treasurer. They were greatly assisted by the Master and Matron (Mr and Mrs T. Wilcox). Other organisers were Mesdames Lawson, Vaughan, Witty, Hampton, and Holbrook, Miss Phelps, and Messrs Gardner, Leslie, Lovell, Short, Parr, Vaughan Clarke, H Edmunds, and Justin.

On the motion of Mr Satterley, the chairman and vice-chairman were thanked for their kindly interest which had made the treat possible.

SELLING AFTER HOURS.

Four Bristol Shopkeepers Fined.

Four Bristol shopkeepers appeared at Bristol Police Court yesterday summoned for keeping their businesses open after the regulation hours, or for selling after hours.

Mr A. J. Orme (Town Clerk's office) prosecuted in each case, and said the Watch Committee had received numerous complaints in regard to shopkeepers contravening the regulations.

The magistrates (Messrs G F. Jones and A. J. Verrier) imposed a fine of 10s on Geo Gibbs, a butcher, of 202, Newfoundland Road. Samuel Winkworth was fined 2s 6d for selling icecream in Lyndale Road, St. George, after 8 p.m. Robert Pritchard, of St. James's, was also fined 2s 6d for a similar offence. Edward Rupp, of Gloucester Road, was fined 12s 6d for selling meat after time.

COAL OWNERS AT TREASURY.

Interview With Mr Churchill.

A deputation of colliery owners, representing the Mining Association of Great Britain waited upon Mr Churchill at the Treasury yesterday to discuss the position of coal-mines under the Government's rating relief proposals.

It is understood that they appealed to the Chancellor of the Exchequer to expedite the relief in view of the serious state of the industry.

The interview lasted an hour and a-half. With Mr Churchill were Sir Philip Cunliffe-Lister (President of the Board of Trade), Sir Kingsley Wood (Parliamentary Secretary to the Ministry of Health), Colonel Wilfrid Ashley (Minister of Transport), and Commodore King (Secretary of the Mines Department).

At the conclusion no official statement was issued from either side, but it is learned that Mr Churchill promised to consider the whole matter. There is a possibility that he may receive the deputation again.

FROM ROME NON-STOP.

Italian Airmen's Flight Over the Alps to Essex.

Nine Italian fighting aeroplanes arrived at Hornchurch (Essex) Aerodrome at 3.20 p.m. yesterday, having flown non-stop from Rome, a distance of approximately 1,000 miles.

The squadron, which left Rome at 7 a.m. yesterday and flew over the Alps, brought General Balbo and high officials of the Italian Air Force to attend the R.A.F. display to be held at Hendon to-morrow.

FUNERAL OF MRS GIRDLESTONE

The funeral of Mrs Lily Girdlestone, widow of the Rev. A. E. Girdlestone, took place at Ridgeway Cemetery yesterday, the service being conducted by the Rev. J. P. Wilson. The family was represented by Mr Girdlestone, of Coventry. The deceased was a member of the Bristol Board of Guardians, president of the Fishponds Labour Party (Women's Section), and an active member of Co-operative and Labour organisations throughout the city. Amongst the many mourners at the graveside were representatives of the organisations with which Mrs Girdlestone had been associated, including Miss Phelps and Mrs Lewis, Messrs Comer, Satterley, Durban, and C. T. Lewis, members of the Board of Guardians. Mrs Sims represented the Co-operative Guild, and Mrs Lane the Fishponds Women's Section, and Mrs Watson Allan the Joint Women's Section Committee. Bristol North Divisional Labour Party was represented by Mr G. A. Watson Allan, and Bristol East D.L.P. by Mr F. C. Williams. Friends and opponents regret the passing of a noble, self-sacrificing worker for the cause to which the later years of her life were almost entirely given. Not least will Mrs Girdlestone be missed by the inmates of Stapleton Institution, for whom her warm sympathy and kindly help were always forthcoming.

BORING ON THE MENDIPS.

Well Sinkers Win Claim for £270.

In the Crown Court at Bristol Assize, yesterday, Mr Justice Rigby Swift, sitting without a jury, heard an action in which Messrs. H. J Green and Leslie Clements, well sinkers, of Sandford, Somerset, sought to recover £270 from Charles Tucker, of Feltham Farm, Frome, for work done in sinking a well upon land belonging to him at Hazel Manor, on the Mendips.

Mr Rayner Goddard, K.C., and Mr Samuel (instructed by Mr E. Gerrish) appeared for plaintiffs and Mr E. H. C. Wellard and Mr N. K. Lindsay (instructed by Messrs Titley, Long and Vale, Bath), for the defendant.

Mr Rayner Goddard, K.C., said that the simple issue in the case was whether or not the plaintiffs were negligent in lowering the pipe into the artesian well when the water tests were being carried out, causing the pipe to break off.

According to the evidence given for the plaintiffs, after they had sunk to a depth of over 500 feet the defendant asked them to carry out further tests, and they went down to 575 feet, when the chain hook broke, three lengths of pipe about 70 feet falling into the well. They got up two lengths, leaving one length of 20 feet behind, but this could have been recovered had not the defendant ordered them to take their tackle away. He paid £50 on account and promised to send the balance, and at that time made no suggestion of negligence.

In cross-examination H. J. Green contended that what occurred through the breaking of the chain was a pure accident. The broken pipe remaining would not stop the flow of water; it could be fished out at a cost of £20.

For the defence, J. M. Lindsay argued that the chain was inadequate for the purpose for which it was used and was in fact old and rotten.

For the defence, Mr Lindsay argued the ownership of the chain and denied that it was his, or if it was his chain he had never seen it before. From the appearance of the chain it should have carried the weight it properly hooked.

His Lordship held there had been no negligence on the part of the plaintiffs, and gave judgment for the amount claimed with costs and also dismissed with costs a counter-claim for damages.

FATAL HESITATION.

Aged Man Killed Near Highbury Chapel.

A verdict of "Accidental death," with the rider that no blame was attached to the driver was returned at the inquest resumed by the City Coroner (Mr A. E. Barker) at the Coroner's Court yesterday, on William Brooks (74), 7, Oxford Street, Kingsdown, who died as the result of being knocked down by a motor on May 16. The accident occurred near Highbury Chapel, at the junction of Cotham and Highbury Parades.

Mr H. J. Orme (Town Clerk's Office) watched the proceedings on behalf of the Bristol Corporation, while Mr Stredwick represented the relatives of deceased.

Dr. Fetters said death was due to hypostatic pneumonia, accelerated by the shock of the accident.

Edgar Budd, of 143, North Road, Bishopston, said at the time of the accident he was cycling, and was going round the corner into Cotham Parade from Highbury Parade. The first thing he saw was a man stepping off the pavement by Highbury Chapel. When deceased heard the horn of a motor, which was coming from Cotham Hill towards St. Michael's Hill, he stepped into the roadway. There was a bus coming from Tyndall's Park Road. The car was going at about 10 miles per hour. There was no other traffic. When nearly half-way across the road deceased, hearing a bus approaching, did not look the other way, and ran right into the approaching car when attempting to regain the pavement. The motorist collided with a lamp post in order to avoid knocking the man down. Had the deceased not attempted to go back, both the bus and the car would have been able to avoid him.

The drivers of the omnibus and motor-car gave corroborative evidence, and a verdict as stated was returned.

OLD BOYS' OUTING.

MR W. J. MULLINGS.

The second outing of the Newfoundland Road Old Boys' Society was held on Saturday to Birdlip Hill. Favoured with glorious weather, 88 members and friends left Bristol by charabanc, and had a most enjoyable trip. Tea was partaken of at Birdlip, and after short remarks by the present headmaster (Mr H. A. Conybeare) and the hon. chaplain (the Rev. A. H. Haxtable), the president (Mr W. J. Mullings) presented every member with a memento of his term of office. The return journey was made by a different route, and a pleasant time was spent at Stroud.

ONE BUILDING UNION.

Operatives' Move to Amalgamate.

The annual conference of the National Federation of Building Trade Operatives, at Norwich yesterday, decided to take steps to amalgamate all the unions in the building trade into one big union. The resolution was carried by a large majority.

A scheme for amalgamation will be submitted to next year's conference. Efforts to form one big union have lasted for 10 years, but this is the first tangible move.

CHILD'S JUMP TO SAFETY.

Hanham Cyclist in a Hurry.

Harold Sheard, a young Hanham motor cyclist, was summoned at Staple Hill Police Court, yesterday, for driving in a manner dangerous to the public at Pit Road, Hanham, on the evening of Saturday, June 16.

Mr Alfred James, of 5, Conham Bottom, Hanham, said that defendant, who was riding a motor-cycle with a pillion passenger drove up Church Road at a very fast speed and turned into Pit Road at the same rate, estimated at 25 miles an hour. There were many people about at the time, many of them coming from a garden party at Christ Church Vicarage.

Similar evidence was given by Mr Harry Walter Leonard, of 9, Albany Road, Montpelier, who said that a child only escaped being run down by jumping quickly on to the pavement.

P.C. James said the motor-cycle "flashed out" of Church Road into Pit Road. He had only time to see how many people were on it and to take the registration number. The street was very narrow.

Defendant denied fast driving, but the magistrates imposed a fine of 10s and costs.
