# UNCONSCIOUS GIRL AND DEAD SOLDIER

---

## DISCOVERY IN WOOD NEAR BORDON CAMP

FROM OUR CORRESPONDENT

ALTON, JUNE 5

While walking through a wood about three miles from Bordon Camp this evening a carter found the dead body of a soldier and an unconscious girl, clasped in each other's arms. The girl was taken to Alton Hospital. She has been identified as Ruby Cole, aged 17, a domestic servant, of Bordon. The soldier's body has been identified as that of Corporal Harry Parker, aged 20, of the 1st Battalion, The Oxfordshire and Buckinghamshire Light Infantry. He was apparently shot in the head and an Army pistol lay by his side. The girl also has a wound in the head.

It is also thought that the couple had taken ammonia from a bottle which was beside them. They were reported missing from Bordon on Tuesday, and on Tuesday night were seen by villagers in the wood. Parker came from Bradford, and a number of letters addressed to persons in that city were found in his pockets, with one addressed to his commanding officer.
