IMPROVED SERVICES FOR HARTLEPOOLS

A BIG advance towards 1939 standards is made in the winter time tables to be introduced by the L.N.E.R. on Oct. 7. The following are the principal alterations which affect the Sunderland and West Hartlepool districts:—

There will be suitable connections from Sunderland to Newcastle or Durham and from Middlesbrough, Stockton, and West Hartlepool to Darlington into the additional trains which will run via the main line to and from the Midlands and South Wales.

There will be three through trains to Manchester and Liverpool via Sunderland and West Hartlepool, leaving Newcastle at 9.45 a.m., 12.15 p.m., and 3.55 p.m. (West Hartlepool 10.35 a.m., 1.7 p.m., and 4.49 p.m.). There will be through services from Liverpool and Manchester to Newcastle via West Hartlepool and Sunderland leaving Liverpool (Lime Street) at 9 a.m. and 2.15 p.m. and Manchester (Exchange) at 5.10 p.m. The last two mentioned services are additional to those running at present. The 10.30 a.m. Bristol to Newcastle via Stockton will be accelerated to arrive 70 minutes earlier than at present.

MIDDLESBROUGH—NEWCASTLE

The hourly interval service will be restored in each direction, trains leaving Newcastle at 15 minutes past the hour between 8.15 a.m. and 9.15 p.m. with the exception of 12.15 p.m. which will run on Saturdays only. Passengers can, however, obtain a service to Middlesbrough at 12.15 p.m. Mondays to Fridays by the train leaving

Newcastle at that time for Liverpool and changing at Stockton.

In the opposite direction a train will leave Middlesbrough for Newcastle each hour between 8.20 a.m. and 9.20 p.m. with the exception of the 4.20 p.m. which runs on Saturdays only Monday-to-Friday passengers, however, will have a service from Middlesbrough to Newcastle at 1.55 p.m. by changing at Stockton into the 6.55 a.m. from Colchester.

LOCAL SERVICES

The 9 a.m. West Hartlepool to Eaglescliffe will leave at 9.45 a.m. arriving Stockton 9.13 p.m. and Newcastle 9.21 a.m. Additional trains will run from West Hartlepool to Newcastle each hour between 8.20 a.m. and 9.20 p.m. with the exception of the 4.20 p.m. which runs on Saturdays only Monday-to-Friday passengers, however, will have a service from Middlesbrough to Newcastle at 1.55 p.m. by changing at Stockton into the 6.55 a.m. from Colchester.

The 2.20 p.m. West Hartlepool to Battersby, which at present runs through to Whitby Saturdays only will leave at 3.30 p.m. and run daily to Whitby, arriving Whitby 6.17 p.m. The 5.20 p.m. (Saturdays only) West Hartlepool to Whitby will be withdrawn.

The 6.16 p.m. (Saturdays only) Sunderland to West Hartlepool will start at 6.8 and cease to call at Hart.

The 7.45 p.m. West Hartlepool to Eaglescliffe will be an additional stopping train, arriving at Stockton 8.13 p.m., Eaglescliffe 8.21 p.m. The 8.20 p.m. (Saturdays only) West Hartlepool to Stockton will be withdrawn.

The 8.42 p.m. (Saturdays only) Sunderland to West Hartlepool is an additional stopping train calling at all stations except Hart.

Other extensive local alterations include additional trains between Sunderland, Weifield and West Hartlepool, and West Hartlepool and Ferryhill.

X marks the spot where glamour perished

DON'T WAIT for a suit to get really dingy and soiled before cleaning it. The back of the collar, lapels, and cuffs are the first places to show dirt. It's easy to keep them continually fresh and clean yourself.

Moisten a cloth with a little Thawpitt and go over these places carefully. Look out for any other soiled spots. Then give the suit a good brushing.

Thawpitt is easy to use — doesn't injure fabrics, or affect colours. (Follow the directions)

WHAT EXPORTS MEAN TO US

How can cycles sent to Africa..

When we in Britain export goods like bicycles, the money we earn enables us to buy imports of food and raw materials; but we need not always spend the money in the country to which we send the goods.

Our exports give us the chance to order from all over the world the imports we need for our factories, shops and homes.

Good to find something that does you good and is good to taste too! Two good reasons for taking—

The smallest room in the house

The lavatory may be a small room, but its hygiene is important. That is why 5 out of 10 women use a lavatory cleanser made specially for the purpose. Harpic cleans and disinfects the whole pan. It does more than whiten and deodorize the bowl (the part you can see). It also sweeps round the S-bend at the back, where no brush can reach. Harpic leaves the whole pan sweet, clean and sanitary.
