

Robinsons of Chesterfield's the name.
We produce packs for a lot of household names.
Like I.C.I. 'Weedol', for example.

A rugged and attractive pack carrying a
bold message.

So the product comes over big.

Catches the eye — clinches the purchase.

Good packs like this don't just happen.

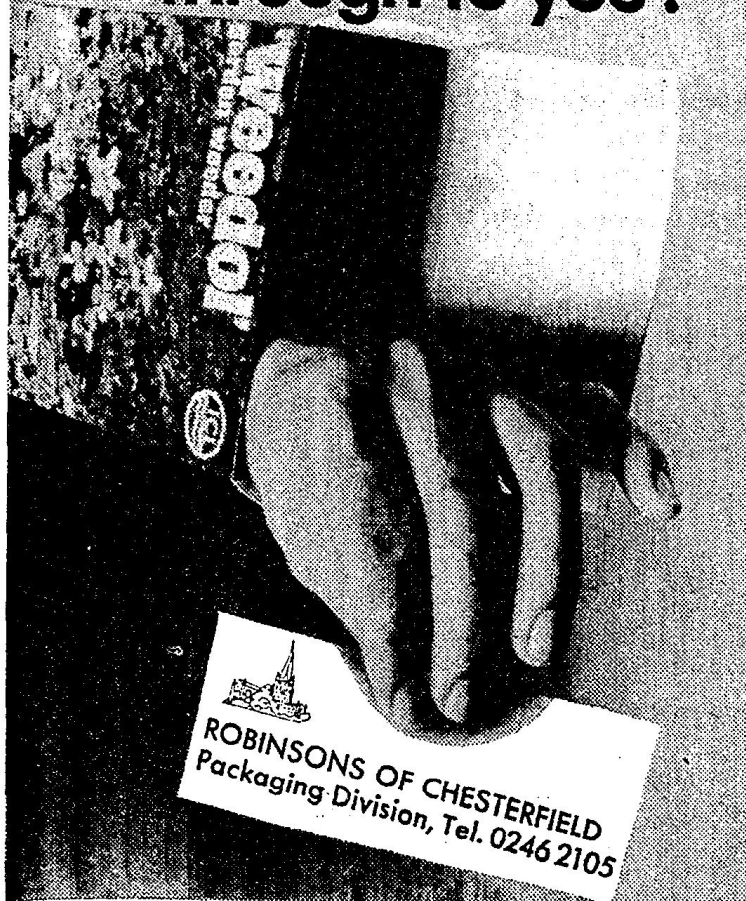

Years of experience help.

But really it's our forward-looking management
and up-to-the-minute production techniques
that keep our packs moving in today's
increasingly competitive markets.

If your product isn't getting through, remember
the packaging professionals.

Robinsons of Chesterfield.

Are we getting through to you?

Robinsons Of Chesterfield.
