**ELSAN MFG. CO.**  
Dept. 46, 34/5 High Holborn, London, W.C.1.

Also, TRY **ELSANOL CHEMICAL**—the only special preparation for the sterilization of sewage.

The only one which will mix with all liquids. Destroys odours and germs: prevents pollution of soil and wells. Try it in your pail-type closet. Very economical in use. One gall. 5/-, lasts about 6 months.

See the Elsan at Ideal Home Exhb'n. STAND 169, Ground Floor, National Hall.
