## PROPRIETARIES (M)

**JEYES' JEYPINE DISINFECTANT, L H 6 oz., 1/-; 12 oz., 1/10 New Pack**

There are numerous pine disinfectants on the market today but Jeypine has behind it the long-standing reputation of Jeyes—a household name in disinfectants. This perhaps explains the substantial increase in our sales and we can do even better by linking up now with the national advertising campaign. As the illustration of the new pack shows, Jeypine looks well on display; orders of a dozen or more are packed in display outers.

**JEYES' SANITARY POWDER, L H, 9d.**

This showcard, which fits over the drum and emphasizes one of the chief uses for Sanitary Powder, is available from the Sales Promotion Warehouse, Nottingham.
